Comment: As this proposed new development is well outside the boundary of the local strategic plan for such buildings, supporting this application would set a precedent for future similar applications that could be detrimental to the village as a whole.

There are criteria currently used to override the local strategy such as; providing a local amenity, substantially reducing any housing shortfall in the area, providing a residence for local workers thereby reducing the use of private transport. This application however fails to meet any of the criteria and as such it is the view of the parish council that the application is rejected.
