Task: Object to the proposal

Comment: After careful consideration Birlingham Parish Council opposes the application, covering the grounds of a listed building site, for the following reasons.

1. The council has not been given visibility of the total planned site development and notes this is the third application in a short period of time.
2. It is considered that the large garage structure will overpower and lead to a loss of character to the listed building.
3. The development size combined with the inclusion of workshop and toilet, give further concern over potential future use.
4. There is also concern over the loss of trees making the structure more visible.
