Comments	<input type="text" value="Birlingham Parish Council considers that permission for the retrospective planning application 17/00685/CU should be refused. It is considered that the original application 11/00443 was approved with the condition that no vehicles were stored on the site and the reason given was that it would be in accordance with ENV12 of the Local Plan 2006. ENV12 has now been superseded by SWDP 6 (and SWDP 24) but as there are no significant differences between these documents; this condition still applies. It is an indisputable fact that a garage of any description would not comply with the principle of retaining the character of the Conservation Area."/>
